

We would like to inform you that the deadline for submission of full papers based on work related to with presentations at the IDRiM 2023 Conference at IIT Roorkee in India last September has been extended to 31 January 2024.

IDRiM Journal invites submissions of research papers (~8,000 words), technical notes (~4,000 words), and thematic summaries (~2,000 words) addressing the conference theme and subthemes. This special issue will be managed by guest editors: Prof. Sumi Sen (IIT Roorkee), Dr. S. Srikrishnan; Dr. Piyush Srivastava, in addition to the journal editors team.

We encourage research paper, technical note, and thematic summary submissions from all conference presenters. In particular, we would like to encourage young scientists, (graduate students, PhD candidates, and researchers who received their Ph.D. within the past 2-3 years), as well as from mid-career and senior researchers.

### **More details on the types of submissions**

We are soliciting three types of submissions:

**Research Papers:** 8,000-10,000 (max.) words. Please follow the IDRiM Journal website's instructions for authors. Special Issue submissions should include the words: "IDRiM 2021 Special Issue: Research Paper" on the cover page of the manuscript.

**Technical Notes:** ~4,000 words. Technical Notes present in-progress research in ways that are less comprehensive than full research papers.

At a minimum, Technical Notes should present original research; partial or preliminary results of research activities; discussion of techniques to accomplish research objectives, and next steps. To submit a Technical Note, please follow the IDRiM Journal website's instructions for authors. Special Issue submissions should include the words: "IDRiM 2021 Special Issue: Technical Note" on the cover page of the manuscript.

**Thematic Summaries:** ~2,000 words. The Special Issue provides an opportunity for researchers to present a thematic summary or synthesis of one or more IDRiM 2021 conference panels and papers. Thematic summaries are intended to highlight significant questions and innovations raised during the conference about a particular area of integrated disaster risk management. Thematic summaries should (a) be derived from IDRiM 2021 conference participation, notes, and post-conference interactions and exchanges, (b) present an informed and balanced discussion of a particular theme, and (c) contribute to reviewing the effectiveness of integrated disaster risk management research and/or initiatives. To submit a Thematic Summary, please follow the IDRiM Journal website's

FOR A SAFER WORLD

## IDRiM Journal

Journal of Integrated Disaster Risk Management

instructions for authors. Special Issue submissions should include the words: “IDRiM 2021 Special Issue: Thematic Summary” on the cover page of the manuscript.

Questions about the Special Issue can be directed to Prof. Sumi Sen ([sumit.sen@hy.iitr.ac.in](mailto:sumit.sen@hy.iitr.ac.in)), Prof. S. Srikrishnan ([srikrishnan@dm.iitr.ac.in](mailto:srikrishnan@dm.iitr.ac.in)), and Prof. Piyush Srivastava ([piyush.srivastava@dm.iitr.ac.in](mailto:piyush.srivastava@dm.iitr.ac.in)). General questions about the IDRiM Journal can be sent to Ana Maria Cruz ([cruznaranjo.anamaria.2u@kyoto-u.ac.jp](mailto:cruznaranjo.anamaria.2u@kyoto-u.ac.jp)).
