IDRiM Conference 2022

(21-23 September; Babeş-Bolyai University Cluj-Napoca, RO)

Preparations are underway at the [Babeş-Bolyai University](#) in Cluj-Napoca for the **IDRiM2022 Conference** this September! This year's theme is *"Critical steps for research and practice in disaster risk management in the age of climate change and COVID-19 pandemics"* We remain hopeful that we will be able to hold a **hybrid event** (in-person and online), but the final decision for a hybrid or an all-virtual format will be announced on July 1, 2022. The **Call for Abstracts** is open until **30 May, 2022**. Visit the [IDRiM2022 Conference website](#) to stay **updated!**

Japanese stone monuments and disasters memory – perspectives for DDR

(February 2022)

Garnier and Lahournat focused on an often-overlooked aspect of disasters: **disaster memory** both as a **prevention tool** and for potentially contributing to the **resilience** of vulnerable communities in Japan. Their study explored one specific source of disaster memory in Japan, namely the **disaster-related stone monuments** scattered throughout the islands.
